

Basinview Drive Community School

273 Basinview Drive, Bedford, NS

www.bvc.hrce.ca (902) 832-8450

Well, it looks like a true Nova Scotia spring.... Shorts weather on Monday, snowstorm forecast for tomorrow.... Perhaps we will simply get some April showers that will turn into May flowers! We hope that everyone had a restful and relaxing March Break and were able to enjoy some family time. Additionally, we all hope that you, your friends, and your families were/are able to enjoy the important holidays that are being celebrated this time of year by families in our community, including Easter, Ramadan, and Passover (April 22nd).

It was once again, a joy to read about the great progress that our students have made this year; highlighted in our Term 2 report cards that were sent home last week. I know that our teachers are looking forward to meeting with families tomorrow to discuss students' progress on Parent-Teacher conference day. If you have not signed up for the conference time, and still wish to, please visit the school website to access the booking portal.

Over the next few months there will be a lot of exciting things happening here at Basinview Community School so be sure to read the newsletters and emails that we send home. We wouldn't want anyone to miss anything!

Information for Current Pre-Primary Parents

Parents of Pre-Primary students, please know that you do not need to re-register your child for Primary – Even if they will be attending Bedford South. Our Administrative Assistants will take care of the transfer of information.

More Important Information

Grade 3-5 Spring Concerts

On April 16th and 17th Basinview Drive Community School will be presenting 'Spring Musical Showcases', highlighting our music programming for grades 3, 4 and 5. Our students have been working hard to prepare these performances!

Tuesday April 16th and Wednesday, April 17th

- Concert start time will be 12:45 pm:
- Performances by all students in Grades 3, 4 and 5 as well as the school choir.

Parents/guardians, family members and friends are welcome to attend either/both of these shows!

Please note: Our students have worked very hard to prepare for this concert, so we ask our audience to stay for the entire performance (approximately 45 minutes or so)

Staffing for 2024-2025 School Year:

I know that it is difficult to believe that we are already beginning to look ahead at our student enrollment and staffing for next year.

It is very important that we have accurate numbers so that we hire the correct number of teachers. If you, or anyone you know, have not yet registered their child for school next year, or if you know that your child or children will not be attending Basinview in the fall, please let us know by calling the school at 902-832-8450.

Volunteer Week – April 15th – April 19th

We would like to thank all the community members who have volunteered their time and expertise throughout this year. Whether it is helping to facilitate community events, being part of school committees, supporting our safe arrival, helping in classrooms, joining in on school wide events, or helping get students to and from school; please know that the staff and students of Basinview appreciate of your time, support and service to our school.

April is Autism Acceptance Month!

What is Autism?

Having autism means that a person's brain processes information, including information about their environment, in another way. The Autistic person's brain has physically developed differently than a neurotypical brain. Autism can give a person both strengths and challenges. Autism is considered an example of neurodiversity. Once you meet one person with autism you have met ONE person with autism. This means that each Autistic person is an individual, and their autism gives that person characteristics and qualities that are unique to them. A person's autism shapes their experiences of life and the world.

There are two primary characteristics that require various levels of support needs:

1. Social communication and social interaction, and
2. Restrictive and repetitive behaviors activities or interests

Autism is lifelong and exists on a spectrum over time. At different times a person with autism may require minimal supports, or more supports, in specific areas of their life. For Autistic people, autism is a way of living that one develops over one's lifespan.

<https://www.autismnovascotia.ca/>

- Awareness vs Acceptance
- Awareness is knowing that something is happening.
- Acceptance is seeing a person for who they are.
- Awareness is focused on shortcomings or deficits.
- Acceptance is focused on what you're good at and what can you do for yourself.
- Awareness means you can identify a neurodiversity.
- Acceptance means you're able to talk to neurodiverse individuals and gain understanding and compassion.
- Awareness is trying to cure me.
- Acceptance is not trying to cure me
